

THE ANDERSON

The only Theatre in the City that has 10 Exits

-TODAY-

Florence Turner, in the Murdock Trial

in 4 parts.

A superb feature, one that you will never regret seeing. Miss Turner is a favorite in film.

Maurice Costello, in the Understudy

Vitagraph

Don't miss this picture, it is great.

Special music by the orchestra that has not been equalled in Anderson.

ATTENTION—This is for you to remember: "The Anderson" has 10 exits, it is the only real safe theatre in the city. You can always feel easy about your children or yourself (because they are not "trapped.")

Monday

This picture everybody must see.

ELECTRIC CITY SPARKLETS

Items of Interest and Person I Mention Caught Over the
Wireless on the Streets of Anderson

Meeting of Y. M. C. A.

Heard This Evening.
An important meeting of the board of directors of the Young Men's Christian Association will be held this evening at 8 o'clock. Interstate Secretary E. G. Wilson will arrive in the city this afternoon and attend the meeting of the directors. This is to be an important meeting of the board, and it is likely that some important announcements with reference to the future work of the association will be made after the meeting.

Bugs Out Cattle

Mr. R. F. Sassard has purchased the bottling works of Mr. J. P. Catlett, on West Wainwright street, and will carry on the business at this same stand. Mr. Sassard has had several years of experience in the bottling business and knows the game from the ground up. Mr. Sassard is probably best known on account of the plant business which he has carried on here for years. He stated yesterday that he will continue to handle plants of all kinds and particularly this spring potato plants. "I have placed an order for two million potato plants," stated Mr. Sassard yesterday, "and they will soon be here. It is said that these two million plants will make three car loads."

Taxes Are Paid

Up Very Well.
It was stated yesterday at the office of the county auditor that taxes had been paid up very well indeed. Wednesday was the last day on which taxes could be paid before the property went into execution. The auditor stated that while there was yet a good deal of tax money outstanding, more money had been collected up to this time than had been collected at this time last year.

Mr. Nicholson Is

Cashier of Bank.
Announcement was made yesterday that Mr. R. E. Nicholson, former county superintendent of education and at present principal of the Green Pond school, will succeed Mr. W. E. Watson as cashier of the Dime Savings Bank. Mr. Watson resigned his position, effective April 1, to become associated in the real estate business with Mr. John Linley.

Find Bicycle

That Was Stolen.
The bicycle, property of Manning Black, son of the Rev. J. T. Black, pastor of the Christian church, which was stolen from the church last Sunday night, has been recovered by the city police. Tuesday the police were notified by Motorman Sanders and Conductor Bowen of the interurban railroad that they had seen a bicycle lying in the water of Cubbard's Creek, near the trolley tracks. Capt. Bell and Private Driskel went out to take a look for the bicycle, but could not find it. Wednesday Private Stuart got information that the bicycle had been taken out of the creek by a lineman who is working with a gang, erecting the transmission line of the Southern Power company between Belton and Anderson. Private Stuart went out to the creek, which is about two miles this side of Belton, and found the wheel. It was brought back to the city and turned over to the owner. The wheel was not seriously damaged.

Have Attractive

Easter Window.
Probably the most attractive Easter window of the city, and certainly one which is appealing most strongly to the children, is that of the Owl Drug company. In one of the windows of this store a neat little pen has been constructed, and in this are seven snow white rabbits—an old rabbit and six little fellows—along with nests of brightly colored Easter eggs. It is the intention of the management of the drug store to place some Easter towels in the window also. Throughout the afternoon yesterday children congregated about the window and gazed with great enjoyment upon the colony of little rabbits, hopping and skipping about their pen and nibbling cabbage leaves and other bits of food.

An Amiable Party

From Starr Here.
Mrs. L. O. McCulla, Mrs. Annie Dean, Mrs. F. I. Jones and Miss Annie Ballo were members of an automobile party from Starr visiting and shopping in the city yesterday.

Death of Girl

At Pendleton.
Miss Nellie Simpson, daughter of Mr. and Mrs. Walter Simpson, of Pendleton, aged 13 years, 9 months and

18 days, died Wednesday afternoon at 3 o'clock after an illness of some weeks. The funeral services were held yesterday afternoon at Pendleton at 3 o'clock.

Beautiful Exhibit

Of Fresh Meats.
In one of the show windows of W. A. Power, South Main street, is one of the most beautiful displays of fresh meat ever seen in the city. Choice cuts of meat, tender and juicy, are displayed in profusion. Majestic hams, rabbits and other Easter novelties are on display in the window. A choice Majestic ham will be given away as a prize to the person making the nearest guess to the weight of the pork sausage on display in the window.

Street Car Hit

Buggy Yesterday.
A buggy in which Mrs. M. L. Simpson, who lives several miles out of Anderson on the Williamston road was struck by the North Anderson street car yesterday afternoon about 12:20 o'clock. Mrs. Simpson received a slight scratch on the head. A wheel of the buggy was smashed. The accident is explained by the fact that Mrs. Simpson, who was driving along North Main street just where the Greenville street line branches out, thought the North Anderson car was going to turn up Greenville street, and did not drive her buggy off the North Anderson car line in time to prevent the car bearing down upon her buggy.

Road Supervisor

For Blue Ridge.
Superintendent John R. Anderson of the Blue Ridge Railway company announced yesterday that the office of road supervisor had been created for this road and that Mr. W. H. Hopkins, track foreman of the section nearest to Anderson, had been promoted to the newly created office. Heretofore the duties of road supervisor have been carried on by Mr. Anderson, but he found other duties so pressing that he was obliged to create the new office and place a man in charge of it to give him the necessary relief. Mr. Hopkins will have charge of the entire road bed of the Blue Ridge. Mr. Hopkins will be succeeded as foreman of the Anderson section by Mr. W. D. Drennan, former State constable for Anderson county, and an old railroad man.

Union Sheriff

Bitten by Dog.
Sheriff Fant of Union county, who is on a visit to his sisters in Anderson, Mrs. George Jolly, Mrs. A. M. McFall and Mrs. W. C. Fant, met with a rather painful mishap yesterday morning while inspecting Col. Jas. T. Roberts' pack of fox hounds.

A WINDOW DRESSING CONTEST IS PLANNED

AD CLUB ARRANGES TO GIVE PRIZES FOR THREE BEST WINDOWS

PURE AD LAW ALSO WANTED

At Monthly Meeting Last Night Club Decided to Ask Council to Pass This Law

In regular monthly session last night the Anderson Ad Club adopted two resolutions which are of interest to the general public. One of the resolutions calls upon the city council to adopt the "pure ad law" which has been adopted by over 50 cities in 21 States, while the other resolution provided for a window dressing contest to be held for local merchants. After a general discussion of the subject of fake advertising, the club decided to adopt a resolution requesting city council to adopt what is known as the "pure ad law." This is a law, it is understood, which is designed to outlaw fake advertising in a community. The president of the club, Mr. Harry Gelsberg, was instructed to appear before city council in behalf of this matter.

Window Dressing Contest.
The Ad Club decided that it would hold a window dressing contest sometime in the near future and offer three prizes for the three best dressed windows, the contest to be open to all merchants of the city. A committee consisting of Messrs. Madden, Bates and Brissett, was appointed to work out details for the window dressing contest.

On the day the contest is decided the members of the Ad Club propose to hold a special meeting and serve a banquet.

Meeting Last Night

The meeting of the club last night at the chamber of commerce, which in the nature of a smoker, was particularly enjoyable for the large number of members present. The meeting was presided over by President Harry Gelsberg.

An excellent talk on "The Advertising Value of an Fifth Date Theatre to a Town" was made by Mr. T. O. Carrington, of "Carrington's" ice cream parlor.

Another interesting talk was on the subject of "Window Dressing," this being made by Mr. John Madden, of the T. L. Cady Co.
Mr. Cooper, of Jacobs & Co., of Clinton, made an excellent talk on the subject of "The Ad Club Movement."

STOPS HEADACHE, PAIN, NEURALGIA

Don't sugar! Get a Time package of Dr. James' Headache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically, and some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

While Sheriff Fant was looking at the dogs one of the animals made an attack upon him, biting him in the lip and scratching his face. Mr. Fant sought a physician at once and had the wounds dressed.

Easter Dance at

The Elks Home.
The local Elks will entertain next Tuesday evening in honor of visitors who will be at home at that time for the Easter holidays. All out of town Elks will be expected to attend the entertainment and every Elk of the city will be expected to act as host. Dancing will be enjoyed late in the evening.

Building Barn

And Garage.
Work was begun yesterday morning by the Sullivan Hardware company upon the erection of a barn and garage on a lot which Messrs. W. W. Sullivan, C. S. Sullivan and Frank and DeCamp own near the site on which the C. & W. C. railroad will build their new terminals. The building is to be used for housing the stock and automobiles of the company instead of keeping them in the company's warehouse.

Miss Carrie Edwards

Is Critically Ill.
Miss Carrie Edwards, one of the oldest and best known residents of the city, is critically ill at her home at the old Murray House, corner of North Main and Greenville streets. Miss Edwards is suffering from pneumonia following an attack of influenza. On account of her advanced age and the serious nature of the attack from which she is suffering,
